

What are cookies?

Cookies are small files saved to the user's computer's hard drive that track, save and store information about the user's interactions and usage of the website. This allows the website, through the server to provide users with a tailored experience within this website.

Users are advised that if they wish to deny the use and saving of cookies from this website on to their computers hard drive they should take necessary steps within their web browsers security settings to block all cookies from this website and server.

How to disable the use of cookies on your pc

In Internet Explorer, you can refuse cookies by clicking "Tools", "Internet Options", "Privacy", and selecting "Block all cookies" using the sliding selector.

In Firefox, you can adjust your cookies settings by clicking "Tools", "Options" and "Privacy".

Please note: Blocking cookies will have a negative impact upon the usability of some websites.
